

Light It Up! For NDEAM nationwide with us in 2023.

Be part of the *Light It Up! For NDEAM* movement on **October 19!**

It happens one night a year during National Disability Employment Awareness Month (NDEAM). But it's much more than a night...more than a lighting event...

be part of the **national movement** that ignites conversation about disability inclusion in employment, in business and in our communities. There's no event quite like this one!

It's led by the Ontario Disability Employment Network.

It happens through collaboration with:

- The Canadian Association for Supported Employment, MentorAbility Canada, Jobs Ability Canada
- Community organizations and agencies across the country

So join in. Together, lets light the country purple and blue...in big cities...small towns...and rural communities nationwide!

Get involved in this collective effort and light up your local:

- Office buildings & business improvement areas
 - City/Town Hall
 - Bridges & landmarks
 - Public spaces
 - Municipal signs
 - Public notice boards
- ...and everywhere else!***
